Please indicate your agreement to this.</p> <p>Yes, I agree to a home visit (please tick)      <input type="radio"/></p>

<b>19</b>	<b>Declaration</b>
-----------	--------------------

- a In submitting this bursary application:
- (i) we recognise that the school does not have sufficient bursary funds to provide school fee assistance to all those who apply and it is, therefore, possible that the school may not be in a position to support our application and will not make an offer of a bursary; and
- (ii) we accept that the school reserves the right to withdraw the offer of a conditional place in respect of our child in any of the following circumstances:
- if, after reviewing our application, the Bursaries Committee does not make an offer of a bursary and considers that we are not in a position to afford the fees; or
  - if the school reasonably considers that we have fraudulently, knowingly or recklessly provided incomplete or false information in connection with our bursary application; or
  - if, in the school's opinion, we can afford to pay the fees but have been opportunistic in applying for a bursary award. The school takes a sceptical view of such applications given the number of parents in genuine need.
- b We confirm that we have made a complete and accurate declaration of our current income and expenditure and assets and liabilities in the Bursary Application Form.
- c We understand that if we are offered a bursary for our child and accept that award the following terms and conditions will apply as between us and the school:
- (i) any bursary award is subject to annual review and we must complete an annual declaration of our financial circumstances on the form sent to us by the school and supply all relevant supporting evidence by the return date indicated;
- (ii) we must report immediately any significant change in the financial position declared on this form;
- (iii) the bursary award may be withdrawn or reduced if:
- we fail to return the annual declaration of our financial circumstances by the return date indicated; or
  - we fail to produce any additional information required by the school to evidence our financial circumstances; or
  - in the opinion of the Head Master, our child's attendance, progress or behaviour no longer merits the continuation of the award; or
  - we fail to pay the school under the terms of the Parent Contract; or
  - there is a material improvement in our financial circumstances such that the school determines we are able to contribute towards school fees; or

- we have fraudulently, knowingly or recklessly provided false information in relation to the award of a bursary, in which case the value of the bursary previously credited against our son's fee account will become repayable to the school forthwith.
